Judges Study Hundreds of Writings to Select Those for Recognition

Stephanie Austin, Ellsworth Mitchell and Elsie Palmer were selected today as the grand prize winners in the essay contest on the subject, "Why Trade in Upland," each representing respectively, the eighth, seventh and sixth grades of the schools in the Upland district.

Winners were also announced in each grade in the schools of Upland, Alta Loma, Cucamonga and Etiwanda. The winners will each receive $1 and the grand prize winners an additional $1 at the presentation Saturday night. The presentation will be held at 8 o'clock at Ninth street and Second avenue. At this time also, gifts from nearly all the Upland merchants will be presented to fortunate patrons of the concerns.

The contest was conducted in connection with the "Trade in Upland" campaign held during May and tomorrow night's events will bring to a close the special program.

Students in the three upper grades in the schools of the district competed and a committee of judges picked the winner in each room and another committee picked the three grand prize winners. Eighth grade winners follow: Etiwanda, Doris Turnbo; Alta Loma, Betty Blair; Cucamonga Central, Dorothy Chappell; Upland junior high A room, Stephanie Austin, B room; Patricia Mae Sibold and C room, Mildred Nicholson.

Mrs. Howarton in Appeal for Poppy Sales Over Radio

Speaking four times this week from as many radio broadcasting stations, Mrs. Edith R. Howarton, of Mountain avenue, appealed to the people of California to aid the disabled World war veterans in the government hospitals by buying the red Flanders field poppies to be sold throughout the state today and tomorrow.

Mrs. Howarton's first address was made Monday night over KTM during the American Legion hour. On Tuesday she spoke over KFOX Long Beach, on Wednesday night over KFSD San Diego, and last night her message was broadcast from KMTR Hollywood.

Mrs. Howarton is state poppy chairman for the American Legion Woman's Auxiliary and under her direction the sale of the veteran made poppies is expected to be a big success.

Frank Casler Better Following Operation

Frank Casler, who was at the San Antonio Community hospital recently preparatory to submitting to amputation of his left arm, is today out of the hospital, recovering from a less serious operation.

It was thought at first the local man was suffering from cancer of the tissues, but later developments revealed a minor affliction and amputation was not necessary. Mr. Casler was an employe of Anderson's market and it will be some time before he is at work.

Prize Winning Essay Urges Trading Here

Money spent in Upland remains to build up the community is the thought expressed by Miss Stephanie Austin, whose essay on "Why Trade in Upland" was chosen as the best of any written by the eighth grade students in Upland, Alta Loma, Cucamonga and Etiwanda. Miss Austin is the daughter of Dr. and Mrs. C. H. Austin, West Twentieth street residents and she is a prominent member of the junior high school class. Other prize winning essays will be printed in The Upland News soon. Her essay follows:

Trading in Upland will bring prosperity to the whole town. How? There are several ways but circulation of money is the main one.

One day a citizen of Upland in possession of two dollars went to a grocery store in Upland and purchased two dollars worth of

GIFTS TO BE WON BY MANY TOMORROW

Merchants' Distribution To Be Final Feature in Local Campaign

It pays to trade in Upland and it will pay many to be in Upland at 8 o'clock tomorrow night for the gift distribution from the Upland stores. Gifts will be presented to persons who have been patrons of the stores and all customers who sign their names in the local participating concerns up to 8 p.m. will be eligible for the gifts. Through an unbiased method those to receive the gifts will be selected.

The distribution, at Second avenue and Ninth street, will bring to a close the "Trade in Upland" campaign sponsored during May by the merchants of the community.

Two weeks ago a gift distribution was held and the event tomorrow night will be along the same lines. The gift distribution was planned by the merchants as a means of showing their appreciation for support given them.

Names signed by the customers in each of the stores during the month will be collected at 8 o'clock and each store's gift will go to some person who had signed in that store. It is noted that the more times persons sign their names in local stores, greater will be their opportunity of receiving one of the gifts.

INDUSTRIAL ZONE HERE IS OUTLINED

City Planners Designate Location for Manufacturing Concerns

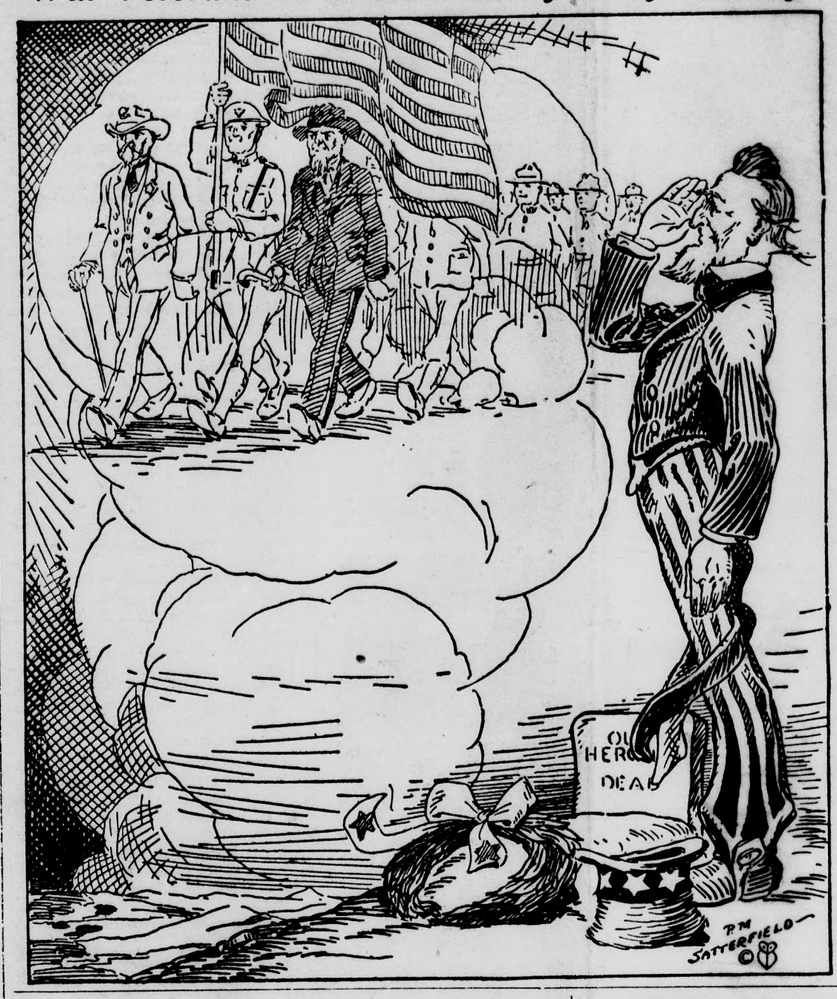

Creation of another agricultural zone and two additional manufacturing zones was effected at the meeting of the city planning commission last night, with W. L. Pollard, Los Angeles, author of the state enabling act for city planning and zoning, being present and offering suggestions.

Provision must be made in the zoning law for location of every kind of manufacturing concern that might want to locate here, the commission was advised. To handle this feature, the district set aside in the proposed measure for industries was divided into three divisions. The area bordering on the Santa Fe right-of-way and 20 acres on Nineteenth street, where the Santa Fe spur ends were designated for manufacturing.

Manufacturing concerns, having no particular detriment in sound, smell or appearance, will be permitted along the Santa Fe from San Antonio to Campus avenues. This will be known as zone "M1". Along the right-of-way other than in the M1 district, can be located nearly all types of manufacturing except the unusually obnoxious concerns. A "catch-all" district will be provided for those concerns.

Some of the property in the agricultural district is not suited to raising of products, and to provide for that another agricultural zone was created, permitting poultry and rabbit concerns of commercial size and other concerns such as rock crushers. Small flocks of chickens may be kept in agricultural zone No. 1.

Stores Close Monday in Honor to Veterans

When the Upland stores close Saturday night they will remain closed until Tuesday morning.

Memorial Day on Monday will be observed by all the business institutions here closing. In a recent action, the merchants decided on the days to be closed. The special occasion for honoring the memory of the war veterans and for honoring the Civil war soldiers still living was chosen as one of the days for remaining closed.

In this connection, it was pointed out that persons will find it necessary to buy on Saturday for Sunday and Monday.

GRIER FIRST ONE TO SIGN PETITION

Documents Seeking to Place Measure on November Ballots Being Signed

Name of C. E. Grier was the first one to be placed in Upland on the petition, seeking to place the sales tax measure on the November ballot. Names were added rapidly as copies of the document were spread to many persons in the city.

Copies for signatures will be on file in Mr. Grier's office and at the chamber of commerce. The proposal, largely the work of Mr. Grier, seeks to place the cost of school finances on the state rather than real property and a sales tax is provided for in the document.

In connection with the distribution of the initiative petitions, a meeting was held in San Bernardino last night, at which four Uplanders were persent. This was the meeting of the San Bernardino County Coordinating Taxpayers' committee. An executive group was formed with L. R. Bradley being included. Mr. Bradley and Ernest Stone represented the chamber of commerce and R. O. Price and T. R. Woodbridge represented the farm bureau at the meeting.

Copies of the petition were distributed to those present and a committee was also appointed to study ways and means of reducing the figures in the proposed county budget being studied by the supervisors.

Dr. O. A. Thompson will leave Saturday evening for Santa Barbara where he will attend the annual convention of chiropractors of the state. He expects to return Monday evening.

ALL BUT 31 LOTS IN CITY CLEANED

Council in Adjourned Meeting to Get All Property Cleared of Weeds

Property owners in Upland are cooperating better than ever in cleaning their lots of weeds with the result that today only 31 lots are being posted by the city. If the lots are not cleaned by June 2, the city will do the work, making a charge on the owners' tax bills.

An adjourned meeting of the city council was held Wednesday to act on the procedure in cleaning up the lots and to give second reading to an ordinance calling an annexation election in San Antonio Heights.

City officials are compelled by state law to get rid of weeds and the procedure being followed here is complying with the legal requirements. As the result of the meeting, the lots are being posted with a notice to the property owners to clear the lots and the owners are also being notified by mail. Persons protesting against being required to clean their lots will be permitted to express their views at the council meeting June 2.

A year ago, the city cleaned 40 lots, but indications now show that considerable less than this number will have to be cleaned by the city this year.

5 to 4 Scores Bring Defeat to Two Local Teams in Practices

Upland Lemon Growers and Covina will get some ball practice on the Upland junior high school diamond tonight and fans eager to see a pre-season bat and ball tussle will be in the park. The engagement is billed for 7:30 p.m.

Two practice games were played by Upland teams last night, with each losing by a 5 to 4 count. The Growers met Guasti at Guasti, with the grape producers getting the quintet of scores. Atwood's entertained Armstrong's nursery nine and the popular 5 to 4 count left the local nine on the short end.

Modern Woodmen nine has tangled in several practice games also and as far as the ball diamond here knows the season is already underway. Among the practice games scheduled for next week is one with Covina, with Atwood's being host.

MISS RANDALL TO HEAD GIRLS' WORK

Miss Bissell and Miss Harris To Be Succeeded by One Secretary

As the result of the somewhat radical change in the operation and financial support of the Chaffey Girls Organizations, the offices of general secretary and assistant secretary, held by Miss Clara Bissell and Miss Louise Harris, are to be combined and beginning next fall Miss Ruth Randall of San Diego will direct the girls' work.

The announcement of Miss Randall's acceptance of the position was made this week by the executive board of the organization, of which Mrs. H. M. Shattuck is president.

For several years until a few months ago, the work of the girls' organizations has been a Chaffey activity and was supported by the Chaffey school district. However, when reduction in Chaffey's operating expenses became necessary last fall, it was decided the girls' work could not be supported by Chaffey longer than this winter. At that time Miss Bissell advised the board of the Chaffey Girls Organizations that it would be best to place the work in the hands of one secretary and recommended Miss Randall, since she and Miss Harris were making other plans.

The work of the girls clubs will now be supported entirely by volunteer community funds with Chaffey having no part in the work. This will involve the placing of a considerable amount of work and responsibility upon the volunteer leaders in the several communities from Ontario and Upland to Fontana.

Miss Randall, who was here conferring with Miss Bissell Wednesday, will make her headquarters at the Upland Y. M. C. A. building. This will be the meeting place for all girls clubs, whose session are held in the day time, and the Boy Scouts of

Civic Directors Vote to Underwrite July 4th Event; To Aid Lions

Upland's Pioneer Pilgrimage came in for considerable discussion at the meeting of the chamber of commerce directors at the Davis Coffee Shop today noon, but no definite decision was made as to this year's plans. The idea of staging the Pilgrimage parade once in three years and having a less elaborate pioneer celebration the intervening years was brought out, some thinking the parade would "go over" better at three year intervals. In all probability some definite action will be taken at the meeting in two weeks, but undoubtedly some kind of a pioneer celebration will be held here on Admission day, Sept. 9, this year.

The Lions International and the district convention will be held in Los Angeles, at the Biltmore hotel, during the week of July 18 and local Lions club will have an Upland booth in the hotel during these meetings, disseminating information about the community and advertising the city. Glenn M. Atwood of the Upland club appeared before the chamber directors asking that Secretary Clair E. Kirk be "loaned" for the period of the convention to have charge of the booth, which was granted. The background of this booth will be a large picture of the Madonna of the Trail.

The directors also voted to do its bit in helping underwrite the expense of the Fourth of July celebration sponsored by the American Legion of this city.

A communication from the Automobile Club of Southern California was read, which asks support of its opposition to proposals which have been made for an increase in the state gasoline tax, also against the diversion of gasoline tax revenues to other purposes than the construction, maintenance and repair of roads. Owing to the length of the communication and the time it would take for discussion, the matter was referred to a committee who are to make recommendations in regard to the matter at the next meeting. President L. R. Bradley appointed E. H. Gibson, R. G. Manley and H. M. Guy as this committee.

Chickens, Rabbits Cremated in Fire

Cremation of 200 chickens and 50 rabbits was the result of a fire that destroyed a chicken house and shed at the home of L. Pico Botta at Hellman avenue and Sixth street, Cucamonga, at 4 o'clock last night.

The Upland firemen were called and made a fast run to the scene of the blaze. Upon arriving they found the Alta Loma volunteer firemen and the state truck at Alta Loma also had been called. The fire was quickly controlled, but the chickens and rabbits had been burned before aid arrived.

Dozen Fishermen Join in Deep Sea Voyage Wednesday

Of 12 fishermen who set out to sea Wednesday on a chartered fishing boat off Newport Beach the Rev. A. J. Neuenschwander proved to be the most successful. He landed a big yellowtail, the only one taken during the day. Bert Hendy pulled in a barracuda, but the rest of the catch was small insize as well as number.

It was a very poor day for fishing, they report, but notwithstanding that fact the day was enjoyed by the dozen men.

Making the trip were C. S.Kelley, Ernest Tweed Stone, the Rev. A. J. Neuenschwander, W. C. Reynolds, Henry Harms, Marion W. Grothe, David Anderson, Elmer Mathews, I. W. Jellison, J. J. Atwood of Newport Beach, Bert Hendy and Master Darwin Anderson.

Upland will continue to hold their meeting there in the assembly room in the evenings.

When Washington Refused a Kingship

Few Americans know that our country today might be a monarchy but for an act of nobility performed by George Washington on May 22, 1782. The officers of the Revolutionary army had implored Washington to assume royal power, place himself at their head, and rule the country as a king. On May 22, a century and a half ago, General Washington refused this invitation in patriotic terms so strong that the idea was dropped. This information comes from the United States George Washington Bicentennial Commission.

We knew that he refused the offer of kingship, but the circumstances surrounding that dramatic moment in our history, known chiefly to scholars, need be recalled to the every-day American, that he may form a still clearer conception of the nobility of Washington's character.

This incident, which constitutes one of the critical moments in the destiny of America, occurred while General Washington and the Continental army were encamped at Newburgh, on the Hudson. The surrender of Cornwallis had virtually ended the Revolution, but nominally hostilities were still in effect, and Washington was determined to hold the army together against any surprise renewal of the war. As usual, his soldiers were poorly clothed and fed, and Congress was deeply in arrears in their pay. By then the war had dragged on for seven long years. The struggle had cost many of Washington's officers the loss of their personal fortunes, and the entire enlisted force faced a future of want on being released to civil life.

Discontent rose to dangerous intensity in all ranks. At length, Colonel Lewis Nicola, a respected character on friendly terms with the commander in chief, spoke for the officers as a body when he addressed to Washington a veiled proposal that he take over the government of the country, with the army behind him, and rule it as a king.

On this occasion Washington was as truly tempted as Caesar, with an offer to make himself king or emperor. The stroke, moreover, would have been easy of accomplishment. The colonies were all beggared by the war. Their governments were slack and weak. The Revolutionary army was the one cohesive, national power in the land. To a man the soldiers worshipped Washington, and with their aid he could have taken over control of the nation. As near as that, at that stage of America's history, was the country to becoming a monarchy.

And yet it was a great distance away. To George Washington the temptation of kingship was no temptation at all. On the contrary, he put it aside with far greater and more sincere indignation than did Caesar wave aside the laurel crown. In a letter whose every word should be implanted in the mind of every school child in America, he declined Nicola's offer and rebuked the man who made it. Writing on May 22, 1782, he said:

"Sir:—With a mixture of great surprise and astonishment, I have read with attention the sentiments you have submitted to my perusal. Be assured, sir, no occurrence in the course of the war has given me more painful sensations than your information of there being such ideas existing in the army, as you have expressed, and I must view with abhorrence and reprehend with severity.

"I am at a loss to conceive what part of my conduct could have given encouragement to an address, which to me seems big with the greatest mischiefs that can befall my country. If I am not deceived in the knowledge of myself, you could not have found a person to whom your schemes are more disagreeable. . . . Let me conjure you, then, if you have any regard for your country, concern for yourself or posterity, or respect for me, to banish these thoughts from your mind and never communicate, as from yourself or any one else, a sentiment of the like nature."

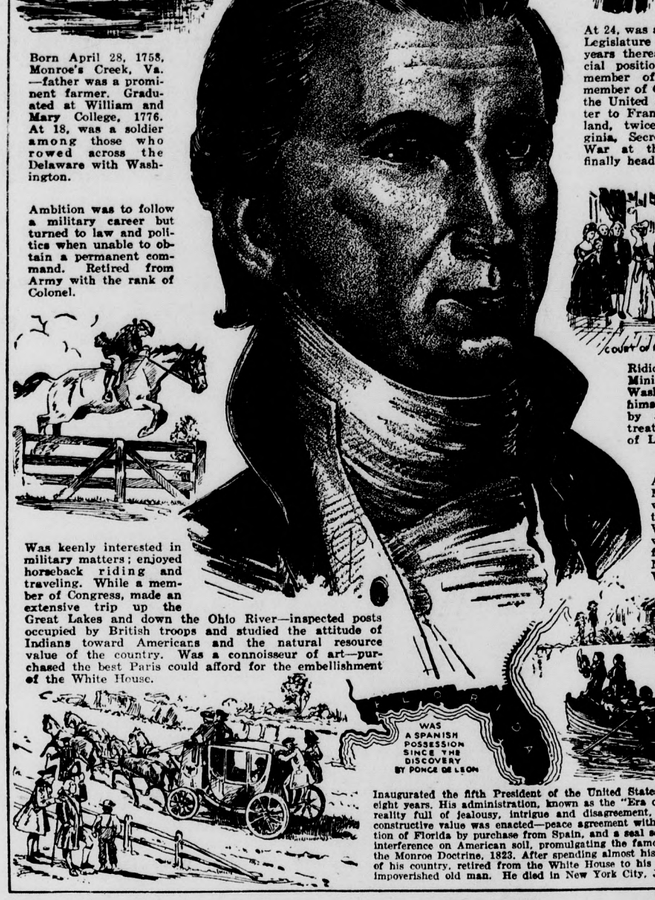

—o—

It might be a good idea for some of our despondent Americans to take notice of the assurance which comes from England's greatest publisher, Lord Rothmere, who says in the London Daily Mail under the heading, "The United States Is All Right": Having for many years followed closely the development of America's economic life I have definitely reached the conclusion that the despondency now prevailing there has gone much too far. I believe we may expect a fully justified return of that self-reliant spirit of enterprise which, during the past century, has raised the United States from the level of a small and almost [illegible]ished agricultural community to that of the greatest [illegible] nation in the world." The greatest trouble with most of the American people at this time is that they have lost faith in themselves and all of their fellow countrymen. That's absolutely the wrong spirit and will never get conditions back where they belong. It's not the doubter and quitter who wins the fight—it's the fellow who goes after things with confidence and determination.

WAS A SPANISH POSSESSION SINCE THE DISCOVERY BY PONCE DE LEON

Inaugurated the fifth President of the United States March 4, 1817—served eight years. His administration, known as the "Era of Good Feeling," was in reality full of jealousy, intrigue and disagreement, but legislation of great constructive value was enacted—peace agreement with England, 1817; acquisition of Florida by purchase from Spain, and a seal set for all time on foreign interference on American soil, promulgating the famous declaration known as the Monroe Doctrine, 1823. After spending almost his entire life in the service of his country, retired from the White House to his farm, Oak Hill, Va., an impoverished old man. He died in New York City, July 4, 1831, aged 73.

Through special arrangement this series of concise illustrated historic and patriotic sketches may be obtained in booklet form, 9x12 inches in size, suitable for a permanent addition to the library or reference table, at the low price of 25 cents a copy—regular $1. INDUSTRY

Thrives *only* on dollars that *work*

Unemployment in California will vanish only when every inactive dollar in the state gets back to work . . . Changing our mental attitude from one of fear and anxiety to courage and common sense—getting our dollars back into normal action through sensible buying or investing, and banking our surplus—is the only way back to sound prosperity . . . The entire Bank of America organization of 8,000 strong—reinforced by more than 200,000 California stockholders—is engaged in a vigorous statewide "Back-to-good-times" movement. Constructive newspaper, radio, outdoor and street car advertising, combined with intensive personal effort, are the forces energetically working for a statewide return to normal conditions . . . Join this public spirited movement. Put your inactive money to work through banks and legitimate trade channels. Only *circulating* dollars will create jobs—nothing else *can!*

MAJOR QUESTIONS ARGUED BY CLUB

Lions Discuss Taxes, Akron, Voting and Bonus Topics at Meeting

Major questions confronting the national figures were given local consideration at the Upland Lions club meeting in the Red Hill Country club yesterday noon, with Program Chairman Norman S. Lawson submitting questions for impromptu discussion.

Questions discussed were "The income vs. sales tax," "Should people without real property be permitted to vote?" "Is money spent in construction of such ships as the Akron justified?" and "Should the soldiers' adjusted compensation be paid now?"

Expressions showed a divided opinion on the tax question, with most of the spokesmen favoring both an income and a sales tax, with a general reduction of taxes on real property. The Akron is of no particular value, in the opinion of the speakers, at least the money spent has not so far been justified, they said.

As a past commander of the local post of the American Legion and a leader in ex-service work, Earl E. Marsh's views were of interest on the soldiers' money. He said:

"Fifty per cent of the adjusted compensation money has been paid. It did not last long and probably if the remainder were paid it would not last much longer. It is likely that a time will come when the ex-soldiers will need the money worse than they do now. This is not the proper time to ask for the remainder of the bonus. I am not in sympathy with some of the actions of the ex-soldiers in seeking the money."

Others speaking on the various topics were Lisle W. Reinhold, Dr. C. E. Gregg, Floyde L. Atwood, Hubert L. Manker, Frank Lemon, Fred E. Draper, Clyde DuVall, Ernest Olson, Harold W. Cook, J. F. Sawyer, Ray C. Norton, Milton

Large Area Brush Land Burned Over; Forty Men Called

Three fire trucks were called out Wednesday afternoon by the burning of a large area of brush on East Fifteenth street. Starting near the city reservoir, from undetermined cause, the fire swept through the dry brush for a quarter of a mile before being checked at Sixteenth street.

The Upland fire truck was called to the scene of the blaze, but when it was found to be a brush fire, which the big truck is not equipped to fight without water connections, the state fire truck, which carries a water tank, was called from Alta Loma and the smaller Upland truck, which also is equipped with a water tank, was called out.

A crew of city employes and a group of men working on the water conservation project in the foothills, about 40 in number, aided in putting out the fire.

While no damage resulted, some anxiety was felt about the fire reaching the foothills unless quickly controlled.

Mite Boxes Opened With Ceremony by Missionary Groups

Joint opening of mite boxes with appropriate ceremony and demonstration, featured the recent all-day meeting of the Methodist Woman's Home Missionary society, in which the Woman's Foreign Missionary society also participated.

Mrs. Irvin A. Engle opened the meeting at 1:30 in the usual order and Mrs. Fannie Gay contributed several piano solos.

With Mrs. C. S. Kelley and Mrs. E. H. Gibson in charge, a demonstration play was given in which members of the cast, each in costume, told of the aids and benefits they had received from missionary funds.

In the cast were Mrs. J. A. Betz, Mrs. W. H. Froelich, Mrs. F. B. Harn, Mrs. C. S. Kelley, Mrs. Clifford Jellison, Mrs. V. Wade Holden, Mrs. H. L. McLellan, Mrs. C. E. Spies, Mrs. Frank Richardson and Mrs. D. C. Sutton. Those they represented were a Negro, an Indian, graduate of mission school, nurse, deaconess, Oriental, Mexican and modern mother.

Between each appearance, as the mite boxes were deposited, Mrs. Iva Marr, concealed from view, sang a verse of a consecration song. The opening of the boxes revealed a fund of $16.25 for the Home Missionary society and $16.07 for the Foreign Missionary society.

Water Still Rising at Big Bear Lake

Tracy Morris of this city, owner and manager of Gray's Camp at Big Bear lake, has been down from that resort this week a few days. Mr. Morris states that for the five days before leaving camp the water in the lake rose two inches per day and is now the highest since 1928. The resort business is opening up good, says he, and on week-ends the demand for boats has been greater than he could supply.

Dr. O. W. Kankel, who has been with Mr. Morris at camp for several weeks, is helping him "doll up" the cabins and premises and is feeling better than at any time during his life.

Radium

Nearly nine hundred different processes are necessary to extract radium from the carnotite ore in which it is found. Sixty tons of water and six tons of chemicals are required to treat one ton of ore. It would take more than four thousand tons of ore to produce one ounce of radium.

Rev. Shirley Shaw to Address Club; Other Features Planned

A program in which every member of the club will find both entertainment and inspiration, is being prepared for the dinner meeting of the Upland Business and Professional Women's club to be held Tuesday night in the Davis Coffee Shop on Foothill boulevard. Members of the club are reminded of the change in time of meeting from June 7 to May 31, because of the conflict with Chaffey commencement programs.

The Rev. Shirley R. Shaw, pastor of the First Christian church of Ontario, will be the guest speaker. During his residence in Ontario Mr. Shaw has been much in demand as a speaker before civic and service clubs and other organizations of the district and those who have heard him known he has the happy faculty of being humorously entertaining while imparting interesting information and giving expression to thoughts that are truly beneficial and inspiring. His subject Tuesday night will be "Debits or Credits," a survey of the economic and social forces influencing the world of today.

The musical numbers will be contributed by Joe Teuscher, well-known whistler, and promise to be very enjoyable.

The committee is planning a surprise feature, but whether it will turn into an embarrassing tragedy or have a happy ending, no one knows, not even the committee.

Election and installation of officers will be the major business to come before the club.

Beach Party Enjoyed by Priscilla Club

A delightful day at Laguna was the treat afforded Thursday when members of the Priscilla club motored down to the seaside to be the guests of Mrs. Nellie Krieger of Pomona at her beach cottage.

During the morning much of the time was spent on the beach sands, many of the party enjoying a dip in the surf.

At the noon hour the luncheon, an abundant and delectable one to which all the members contributed, was served in the cottage.

The business meeting was held in the afternoon and the annual election of officers resulted in the re-election of Mrs. Herbert Metz as president and Mrs. W. H. Spicer, secretary-treasurer.

This was the final meeting before the summer vacation and the next gathering will be in the latter part of September. The entire day was greatly enjoyed, the members counting it one of the most pelasant of the year.

The members and several guests participating were Mrs. Clifford Cline and Mrs. Mary B. Baker of Pomona, Mrs. William Rohrig, Mrs. W. F. Kitchel, Mrs. Joel Gillingwators, Mrs. L. R. Bradley, Mrs. G. Mrs. Gregg Entertains With Delightful Luncheon—

Entertaining with a lovely luncheon party, Mrs. George Gregg was hostess Thursday to members of the H. E. O. club at her home on East Tenth street.

The very pretty combination of pink and blue larkspur and calliopsis lent color to the attractively appointed luncheon table and also was used about the rooms. Tall yellow candles effectively complemented the flowers on the table. A delectable luncheon menu was served.

Bridge was played during the afternoon and part of the time was spent in chatting pleasantly and talking of many interesting things.

Mrs. M. E. Hilty will be the next hostess for the club.

Mrs. Gregg's guests were Mrs. A. N. Baker, Mrs. Ben H. Strother, Mrs. M. E. Hilty, Mrs. E. B. Williams, Mrs. C. K. Francisco, Mrs. A. R. Kipp, the members and one visitor, Mrs A. J. Colgan.

The W. D. Barkers Return From Trip in North—

Mr. and Mrs. W. D. Barker have returned from a very enjoyable motor trip through Northern California, having been away two weeks. Several days were spent with relatives and friends in Fresno and in Sacramnto Mr. and Mrs. Barker were guests of W. S. Harkey, a friend of many years.

In Ruba City they visited Mrs. Barker's sister, Mrs. May Clyma, and in Gridley, their former home town, they visited Mr. Barker's brother-in-law and sister, Mr. and Mrs. James S. Barker, and other relatives and numerous friends.

The crops in the northern section are splendid, they report, but the market prospects, especially for fruit, are discouraging.

Informality Enjoyed At Final Meeting of Woman's Club

Making a happy "family affair" of the final meeting of the club year, members of the Upland Woman's club held a delightfully planned contributed dish luncheon Tuesday in their club house on Second avenue; heard annual reports and installed the recently elected officers.

Luncheon arrangements were in charge of Mrs. Hiram Waterman and the tables were attractively decorated with golden coreopsis and greenery.

With Mrs. Nora M. Eells presiding, a business session was held and in addition to giving attention to routine affairs, the annual reports of officers and committee chairmen were heard.

Encouraged by the success of the previous supper, the club planned to give a series of cafeteria suppers at the club house, the first being on the evening of Tuesday, June 14, in place of June 7 as previously planned, from 6 to 8 o'clock. Open house will be held and the public will be welcome. Mrs. Hiram Waterman will be in charge of arrangements for the supper, which will be given as a benefit for the club treasury. The other suppers will be on June 21 and June 28.

The following recently elected oficers were impressively installed by Mrs. George S. Foster, club parliamentarian:

Mrs. Nora M. Eells, president; Mrs. Herman Hess, vice-president; Mrs. Clyde Whiteley, recording sercetary; Mrs. Royal V. Ward, corresponding secretary; Mrs. J. F. Sawyer, treasurer; Mrs. Frank C. Buffington, parliamentarian, and Mrs. Fay Rodgers, auditor.

Doris Goodban Happily Celebrates Her Birthday—

Doris Elaine Goodban was the happy hostess at a merry lawn party given Tuesday afternoon by her mother, Mrs. James E. Goodban, at their home, 662 East Tenth street, in celebration of her eleventh birthday.

Jolly games were played both on the lawn and in the house and after a time the most important event of the day occurred, the cutting of the birthday cake. The refreshments were served buffet style, yellow being the predominating color in the dainty tray service and yellow jonquil nut cups being used. Garden flowers were used in the rooms.

Following the refreshment hour another round of games added to the merriment of the afternoon.

The youthful hostess was showered with happy birthday wishes accompanying numerous lovely gifts.

The guests helping Doris celebrate her birthday were Elise and Lois Broyles, Beatrice Scott, Ann Adams, Evelyn Spies, Marjorie Browning, Mary Watkins, Dorothy Jean Neilson, Jeanne Benson, Dorothy Manley, Phyllis Atwood, Betty Larkin, Gertrude Kronmeyer and Jean Ruth Hoffman. Others enjoying the party were Doris' mother, her younger brother, Dale, and her grandmother, Mrs. S. J. Brooks.

Reception and House Warming Given by Dr. and Mrs. Stone

Entertaining considerably more than 100 church members and friends of Upland, Ontario and other places, Dr. and Mrs. R. C. Stone held a delightful reception Thursday afternoon and evening, the event being in the nature of a housewarming for the attractive new Presbyterian manse into which they have recently moved.

The home was beautifully decorated, being abloom with the many flowers sent in by friends. One particularly gorgeous bouquet was a gift of the Rotary club of which Dr. Stone is a member. Many happy greetings and gifts of flowers were sent in by other friends.

The guests were given an opportunity to tour the new home and during the afternoon and evening refreshing punch and cakes were served.

Mrs. R. F. Lemon and Mrs. lizabeth Moore, of the Ladies Aid society, assisted Dr. and Mrs. Stone in the afternoon and in the evening, Mrs. A. J. Neilson, Mrs. M. H. Moremen, Mrs. A. C. Beattie, Miss Mina Ruesink, and Mrs. W. K. Fuller, all of the Frances Paul Girls class, assisted the hosts.

Executive Board in Business Meeting

Meeting Teusday night at the home of Miss Fannie D. Noe on East Tenth street, the executive board of the Upland Business and Professional Women's club held what probably will be the final business session of the club year. The club has yet to vote on the question of suspending meetings during the summer months.

With the president, Mrs. Gladys Riley Chormicle, presiding, a number of routine matters were considered by the board.

Announcement was made of the annual Southern district convention to be held in Glendale on June 11 and 12, and delegates to represent the Upland club were appointed, Mrs. Una R. Winter, Miss Margaret Doig and Mrs. Ernest Olson being selected. Mrs. Chormicle, by virtue of her office, will be a delegate.

The board voted official approval of the change in the date for the club meeting from June 7 to Tuesday, May 31. This change was made because of the conflict with graduation night at Chaffey high school on Tuesday, June 7.

At the conclusion of the meeting Miss Noe, assisted by her niece, Miss Rachel Graber, served delightful refreshments and the club women chatted pleasantly for a time.

Attending the meeting were Mrs. Chormicle, Miss Margaret Doig, Mrs. Helen Olson, Mrs. Rose Burwell, Miss Linda Schmidt, Miss LeOla R. Lee, Mrs. Bodil Peterson, Mrs. Bess K. Grisham, Mrs. F. W. Mellon, Mrs. D. M. Thrash and Miss Noe.

Merry-Go-'Round Club Members Enjoy Party—

Beginning with a prettily appointed 1 o'clock luncheon, Mrs. J. M. Hawthorne pleasantly entertained members of the Merry-Go-'Round club Wednesday at her home, 841 Second avenue.

With a thought of Memorial Day, Mrs. Hawthorne used the patriotic colors of red, white and blue in both the house and table decorations, the flowers being lovely sweet peas, snapdragon, and gladioli. The place cards were cleverly made flags.

The afternoon hours were devoted to piecing quilt blocks, the guests conversing pleasantly as they sewed.

Mrs. Minnie D. Goodrich will be the hostess at the next meeting.

Guests of Mrs. Hawthorne were Mrs. Etta Johnston, Mrs. W. H. Scholten, Mrs. Jennie Farnsworth, Mrs. W. S. Avery, Mrs. Sarah Nelson, Mrs. Minnie D. Goodrich, Mrs. Hiram Waterman, Mrs. W. F. Goodban, Mrs. W. A. Eastlack, Mrs. Sarah Nelson, and one non-member guest, Mrs. Oscar Gaither.

FRICK IS MAKING FINE RAIN GAUGE

Upland Man Finds Increasing Demand for Product; Shipment Goes to Atlanta

Upland has an industry about which few local people know anything, but which has been producing rain gauges for about two years. This manufacturing business is known as the U. S. Mfg. Co and is conducted exclusively by E. L. Frick. Mr. Frick developed this gauge for use in his own orchards and neighbors who saw them also demanded them.

Although Mr. Frick has done no advertising thus far, the demand for his product has been gradually increasing. The excellence of his product is evidenced by the fact that he has had calls for them from United States agricultural experiment calls for them from United agricultural stations. Agriculturists seeing them in these stations have been impressed by their excellence and orders their excellence and and orders have resulted therefrom. Mr. Frick now has an order of 24 of these gauges on the way to an irrigation concern in Atlanta, Ga., the order having come through a New York firm. Shipments have also been made to other states.

The gauge is not only used for measuring rainfall, but is also valuable in overhead irrigation.

Mr. Frick will probably begin advertising in agricultural publications in a small way soon and it is easily seen the industry may develop to large proportions.

Funeral Services for H. G. Tinsley Largely Attended

With scores of people throughout the community gathered to pay final tribute to their departed friend, funeral services for Henry G. Tinsley, who lost his life in an automobile accident Sunday night, May 22, were held Wednesday afternoon in Draper's Ontario chapel.

The officiating ministers were the Rev. Alvin C. Burkholder, pastor of the Brethren in Christ church, and Dr. R. C. Stone of the Upland Presbyterian church, and a mixed quartet from the Brethren in Christ church provided the music. A great many very beautiful flowers were sent in by friends.

The pall-bearers were Herman Cordes, Luther Davis, Sidney Kear, Guy Clark, Charles Dinger and Ben Henry.

For several years Mr. Tinsley had been superintendent for the Liberty Groves Operating Corporation and about 40 officers and members of that organization and employes attended the service in a group, as did 30 Odd Fellows.

Interment was made in Bellevue cemetery and the committment service was in charge of the Odd Fellows.

Husband (to wife in front of hat shop): "My dear, it's no use your looking at those hats. I've only 50 cents in my pocket."

Wife: "You might have known that I'd want to buy a few things when we left the house."

Hubby: "I did."

He may make a change, but he will come back; they ALL come back to electric power.

ALTA LOMA-CUCAMONGA

Firemen's Dance Enjoyed

The ballroom of the Sycamore Inn was transformed into a typical fire station Wednesday night when members of the Alta Loma fire department held a benefit dance and realized a very satisfactory sum for their treasury.

The "decorations" for the room were pieces of fire hose, helmets, and other fire-fighting equipment, (not omitting the firemen), and a very realistic atmosphere was achieved. Music for dancing was provided by the splendid Sycamore Inn orchestra and the musicians entered into the spirit of the evening by wearing firemen's helmets.

For several days a ticket selling contest was held with first and second prizes being offered. Mrs. Pete Cherbak won first prize for selling the greatest number of tickets and second prize was awarded to Miss Luella Whitney.

There was a large attendance and the dancing and gaiety were enjoyed until a late hour.

B. H. Wilson is chief of the fire department and the committee arranging for the dance included Gordon A. Billings, chairman, Thomas Monkman, Marvin Wangler and Harry Wright.

Club Holds Final Meeting

With the large number of members present maintaining the record for splendid attendance throughout the club year, the Cucamonga Woman's club held its final regular meeting Thursday afternoon at the home of Mrs. W. H. Stipe on Turner avenue.

Remembering Memorial Day, the hostess achieved a patriotic atmosphere with her floral decorations, the colors of red, white and blue being combined in a beautiful basket bouquet of gladioli, delphinium and baby breath. The colors were repeated in the delightful collation served at the close of the meeting.

During the business meeting the recently elected officers, headed by Mrs. E. S. Bishop, re-elected president, were installed by Miss Gertrdue Reid, club parliamentarian.

Annual reports from the several committee chairmen and officers were made and reflected the splendid condition of the club. The outstanding report was that made of the club's welfare work. The report was read by the secretary after being submitted by the club welfare committee chairman, Mrs. A. C. Beattie, and was based on the report of Mrs. Kathrine Murray, principal of the South Cucamonga school, through whom much of the extensive welfare work was done.

Mrs. Bishop, who handled the program, press and house committees work, made those reports and also gave the president's message in which she expressed appreciation for the excellent cooperation of the members that made possible one of the most successful and constructive years the club has known.

Plans were made for the final club luncheon, which will be held at the home of Mrs. Wayne E. Morse. A contributed dish luncheon and a social afternoon will be held.

Vacation plans were discussed by the members and Miss Lucille Stipe entertained with a reading and piano selections.

Program at School

Memorial Day exercises were held at the Cucamonga Central school this afternoon when pupils from all the rooms participated in the presentation of a patriotic program.

Mr. and Mrs. Walter A. Buehler of San Bernardino road, are planning to spend Memorial Day at Balboa Beach. They will be joined there by Mrs. Beuhler's brother-in-law and sister, Mr. and Mrs. E. A. Juckett of Los Angeles.

The Rev. J. M. Chamberlin returned Thursday evening from the Pacific Palisades where he had been since Tuesday attending a call-to-action conference of ministers.

Mrs. Mary Minor spent last week-end in Los Angeles visiting with her daughters.

O. P. Whitney and his son, Jack, and Virgil Rogers, will spend the week-end and Memorial holiday at Big Bear.

Miss Luella Whitney and Miss Edith Goldsmith of the Cucamonga Building and Loan association and the First National bank, will spend Sunday and Monday on Catalina Island where they will be guests of friends.

groceries. The grocery man, then having the two dollars went to the bakery and paid for bread worth two dollars. The baker then spent the two dollars at the hardware store, the hardware man spent the two dollars at the plumber's and so on till everybody in the town had at one time had this money and the carpenter finally gave the two dollars to the tax collector to pay for part of his taxes. Thus the money, circulating through Upland would bring prosperity to everybody and finally get into the town treasury for public improvements.

This is what would happen if the money was circulated through Upland not through any of the surrounding towns. If everyone traded in the surrounding towns there would be no Upland, and that would not do at all! So let us all show our appreciation of Upland and at the same time bring back prosperity by trading in Upland.
